COVER ART

About The Artist

The art work used in the design of our beautiful new catalog cover is from a select portion of a painting completed by artist, Edward Schaefer. Schaefer is one of the leading agricultural artists in the country and is noted for his authentically detailed renderings of antique and classic tractors. He has been a professional artist for over 40 years and his boyhood memories of his Grandparents' farm have been reflected in his work since 1983. Today, Mr. Schaefer is recognized as one of the foremost artists in the country. His fine art is featured on many items throughout our attractive new catalog.
